Allergen information 2026/11/17

AKINDO SUSHIRO CO., LTD.

Allergen information for menu items is available. Ask an employee for details.

Consuming raw or undercooked meats, poultry, seafood, shellfish or eggs may increase risk of foodborne illness, especially if you have certain medical conditions.

To our guests with food sensitivities, allergies or special dietary needs:Our restaurants prepare and serve products that contain major FDA-regulated allergens: peanuts, tree nuts, fish, crustacean shellfish, eggs, milk, sesame, soy and wheat, as well as molluscan shellfish.
Regular kitchen operations involve shared areas and equipment. For these reasons, we cannot guarantee that any menu item will be completely free of allergens.
None*:Based on the available ingredient information, none of the allergens listed in this chart are identified as ingredients in this menu item. This does not guarantee the absence of all allergens or allergens introduced by cross-contamination during regular kitchen operations.

Allergen key
●: The listed allergen or an ingredient derived from it is used in this menu item.
